

A photograph of an outdoor seating area. In the foreground, there are several grey stone steps leading up to a paved courtyard. In the courtyard, there are several large, soft outdoor pouffes in shades of grey, orange, and beige. In the background, there is a white building with several windows and a door. A large tree with green leaves is on the left side of the frame, and a string of lights is visible across the courtyard. The overall scene is bright and inviting.

Outdoor pouffes

OUTDOOR POUFFES

Pouffes for relaxing in the open air. For the terrace, balcony, veranda. For the garden, hothouse, by the pool. Unpretentious seats, sofas and footrests creating a specific climate - calm, free, an atmosphere conducive to meetings and spending time together.

The simplicity and versatility of the design focus here on user convenience and a multitude of applications. The pouffes are lightweight and easy to carry. They withstand the whims of the weather very well: they can be left outside all year round.

Pouffes

DESIGN & COMFORT

A collection of three pouffes for outdoor leisure. The pouffes are lightweight and easy to carry, in addition to withstanding the whims of the weather. They are filled with polystyrene granulate, which does not absorb moisture and always remains loose.

The set includes:

SINGLE MODULE

102 x h53 x 102 cm

The straightforward cuboid shapes make it easy to put them together in larger arrangements – they can easily be used to create individual configurations and change them as required.

DOUBLE MODULE

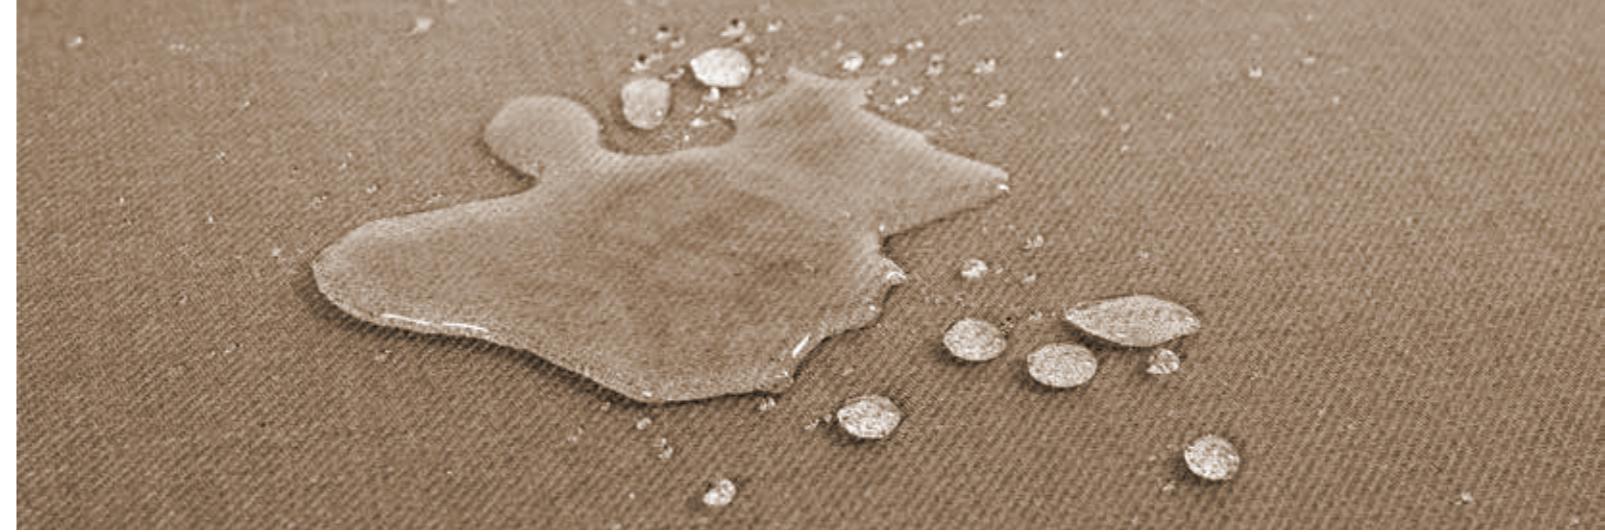

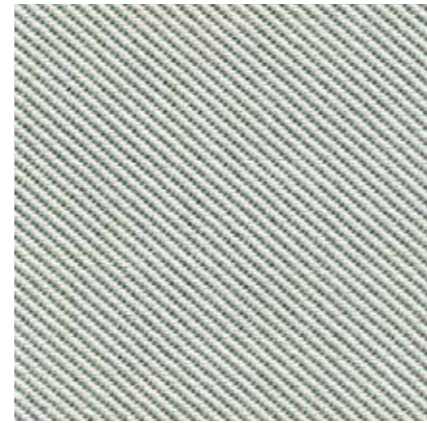

195 x h53 x 102 cm

POUFFE

102 x h37 x 102 cm

Pouffes are covered with durable fabric made of olefin fibres - breathable, resistant to moisture, UV radiation (does not fade over the years), to mould and stains. The underside of each pouffe is covered with a pvc tarpaulin - additional protection against dirt, mould and water.
